Anthony Gillard

PROFESSIONAL SUMMARY

Aspiring Software Engineer and Computer Science undergraduate with a solid foundation in software development principles and a minor in mathematics from Winthrop University. Passionate about leveraging problem-solving skills and technical knowledge to drive innovation and efficiency in challenging environments.

EXPERIENCE

Community Temple Church - **Web Developer**
Cades, SC • 03/2024 - Current

- Created an engaging and user-friendly platform using React, JavaScript, and CSS for my church to facilitate remote contributions through online donations and real-time participation in worship gatherings.

Impact York County - **Software Engineer**
Rock Hill, SC • 08/2023 - 04/2024

- Collaborated with a team to develop a user-friendly dashboard for Impact York County utilizing MERN stack (MongoDB, Express.js, React, Node.js). Performed front-end development, creating multiple designs of web pages to ensure an engaging user experience. Contributed to back-end development tasks, including data integration and server-side functionality.
